Chapter 58.--PERSONAL AND REAL PROPERTY

Article 6.--POWERS AND LETTERS OF ATTORNEY

58-654. General powers. (a) A principal may delegate to an attorney in fact in a power of attorney general powers to act in a fiduciary capacity on the principal's behalf with respect to all lawful subjects and purposes or with respect to one or more express subjects or purposes. A power of attorney with general powers may be durable or nondurable.

(b) If the power of attorney states that general powers are granted to the attorney in fact and further states in substance that it grants power to the attorney in fact to act with respect to all lawful subjects and purposes or that it grants general powers for general purposes or does not by its terms limit the power to the specific subject or purposes set out in the instrument, then the authority of the attorney in fact acting under the power of attorney shall extend to and include each and every action or power which an adult who is not disabled may carry out through an agent specifically authorized in the premises, with respect to any and all matters whatsoever, except as provided in subsection (f) and (g). When a power of attorney grants general powers to an attorney in fact to act with respect to all lawful subjects and purposes, the enumeration of one or more specific subjects or purposes does not limit the general authority granted by that power of attorney, unless otherwise provided in the power of attorney. An attorney in fact vested with general powers shall be authorized to execute a power of attorney required by any governmental agency or other legal entity on behalf of the principal, naming such attorney in fact as the attorney in fact authorized to enter into any transaction with such agency or legal entity.

(c) If the power of attorney states that general powers are granted to an attorney in fact with respect to one or more express subjects or purposes for which general powers are conferred, then the authority of the attorney in fact acting under the power of attorney shall extend to and include each and every action or power, but only with respect to the specific subjects or purposes expressed in the power of attorney that an adult who is not disabled may carry out through an agent specifically authorized in the premises, with respect to any and all matters whatsoever, except as provided in subsection (f) and (g).

(d) Except as provided in subsections (f) and (g), an attorney in fact with general powers has, with respect to the subjects or purposes for which the powers are conferred, all rights, power and authority to act for the principal that the principal would have with respect to the principal's own person or property, including property owned jointly or by the entireties with another or others, as an adult who is not disabled. Without limiting the foregoing an attorney in fact with general powers has, with respect to the subject or purposes of the power,

complete discretion to make a decision for the principal, to act or not act, to consent or not consent to, or withdraw consent for, any act, and to execute and deliver or accept any deed, bill of sale, bill of lading, assignment, contract, note, security instrument, consent, receipt, release, proof of claim, petition or other pleading, tax document, notice, application, acknowledgment or other document necessary or convenient to implement or confirm any act, transaction or decision. An attorney in fact with general powers, whether power to act with respect to all lawful subjects and purposes, or only with respect to one or more express subjects or purposes, shall have the power, unless specifically denied by the terms of the power of attorney, to make, execute and deliver to or for the benefit of or at the request of a third person, who is requested to rely upon an action of the attorney in fact, an agreement indemnifying and holding harmless any third person or persons from any liability, claims or expenses, including legal expenses, incurred by any such third person by reason of acting or refraining from acting pursuant to the request of the attorney in fact. Such indemnity agreement shall be binding upon the principal who has executed such power of attorney and upon the principal's successor or successors in interest. No such indemnity agreement shall protect any third person from any liability, claims or expenses incurred by reason of the fact that, and to the extent that, the third person has honored the power of attorney for actions outside the scope of authority granted by the power of attorney. In addition, the attorney in fact has complete discretion to employ and compensate real estate agents, brokers, attorneys, accountants and subagents of all types to represent and act for the principal in any and all matters, including tax matters involving the United States government or any other government or taxing entity, including, but not limited to, the execution of supplemental or additional powers of attorney in the name of the principal in form that may be required or preferred by any such taxing entity or other third person, and to deal with any or all third persons in the name of the principal without limitation. No such supplemental or additional power of attorney shall broaden the scope of authority granted to the attorney in fact in the original power of attorney executed by the principal.

(e) An attorney in fact, who is granted general powers for all subjects and purposes or with respect to any express subjects or purposes, shall exercise the powers conferred according to the principal's instructions, in the principal's best interest, in good faith, prudently and in accordance with K.S.A. 2004 Supp. 58-655 and 58-656, and amendments thereto.

(f) Any power of attorney, whether or not it grants general powers for all subjects and purposes or with respect to express subjects or purposes, shall be construed to grant power or authority to an attorney in fact to carry out any of the actions described in this

subsection only if the actions are expressly enumerated and authorized in the power of attorney. Any power of attorney may grant power or authority to an attorney in fact to carry out any of the following actions if the actions are expressly authorized in the power of attorney:

- (1) To execute, amend or revoke any trust agreement;
- (2) to fund with the principal's assets any trust not created by the principal;
- (3) to make or revoke a gift of the principal's property in trust or otherwise;
- (4) to disclaim a gift or devise of property to or for the benefit of the principal;
- (5) to create or change survivorship interests in the principal's property or in property in which the principal may have an interest. The inclusion of the authority set out in this paragraph shall not be necessary in order to grant to an attorney in fact acting under a power of attorney granting general powers with respect to all lawful subjects and purposes the authority to withdraw funds or other property from any account, contract or other similar arrangement held in the names of the principal and one or more other persons with any financial institution, brokerage company or other depository to the same extent that the principal would be authorized to do if the principal were present, not disabled and seeking to act in the principal's own behalf;
- (6) to designate or change the designation of beneficiaries to receive any property, benefit or contract right on the principal's death;
- (7) to give or withhold consent to an autopsy or postmortem examination;
- (8) to make a gift of, or decline to make a gift of, the principal's body parts under the uniform anatomical gift act, K.S.A. 65-3209 through 65-3217, and amendments thereto;
- (9) to nominate a guardian or conservator for the principal; and if so stated in the power of attorney, the attorney in fact may nominate such attorney in fact's self as such;
- 10) to give consent on behalf of the principal to the sale, gift, transfer, mortgage or other alienation of the principal's homestead or interest therein if:
 - (A) The principal's spouse, personally or through such spouse's attorney in fact, has also consented to such alienation;
 - (B) the power of attorney specifically describes the homestead by reference to a legal description and the street address of the property; and
 - (C) the principal's spouse, in a written document duly acknowledged by the spouse, has stated such spouse's consent that the attorney in fact may alienate the interests, in whole or in part, of the principal in the described homestead and, further, the spouse agrees that the consent of the attorney in fact will constitute the consent of the principal required by Article 15, Section 9 of the Kansas Constitution. Nothing herein shall be construed as a limitation or abridgement of the right of

the spouse of the principal to consent or withhold such spouse's consent to the alienation of the spouse's homestead, or any rights herein, under Article 15, section 9 of the Kansas Constitution;

(11) to designate one or more substitute or successor or additional attorneys in fact;

(12) to delegate any or all powers granted in a power of attorney pursuant to subsection (a) of K.S.A. 2004 Supp. 58-660, and amendments thereto; or

(13) to pay reasonable expenses incurred for the funeral and burial or other disposition of the body of the principal.

(g) No power of attorney, whether or not it delegates general powers, may delegate or grant power or authority to an attorney in fact to do or carry out any of the following actions for the principal:

(1) To make, publish, declare, amend or revoke a will for the principal;

(2) to make, execute, modify or revoke a declaration under K.S.A. 65-28,101 *et seq.*, and amendments thereto, for the principal or to make, execute, modify or revoke a do not resuscitate directive under K.S.A. 65-4941, and amendments thereto, for the principal or to make, execute, modify or revoke a durable power of attorney for health care decisions pursuant to K.S.A. 58-625, *et seq.*, and amendments thereto, for the principal;

(3) to require the principal, against the principal's will, to take any action or to refrain from taking any action; or

(4) to carry out any actions specifically forbidden by the principal while not under any disability or incapacity.

(h) A third person may freely rely on, contract and deal with an attorney in fact delegated general powers with respect to the subjects and purposes encompassed or expressed in the power of attorney without regard to whether the power of attorney expressly identifies the specific property, account, security, storage facility or matter as being within the scope of a subject or purpose contained in the power of attorney, and without regard to whether the power of attorney expressly authorizes the specific act, transaction or decision by the attorney in fact.

Before issuing a license to an applicant for an assistant funeral director's license, the board shall require satisfactory proof that the applicant is capable and trustworthy to act as such and that the applicant is a person of good moral character and temperate habits, has a good standing in the community and is qualified to engage in the business. In determining the moral character of any such applicant, the board shall take into consideration any felony conviction of such person, but such conviction shall not automatically operate as a bar to licensure. Each person applying for an assistant funeral director's license shall make application and be recommended in writing on forms provided by the board, and shall be at least 17 years of age before such license can be issued to the applicant. Upon issuing a license to an assistant funeral director, as herein provided, the board shall cause the licensee to be registered in the office of the secretary of the board under the supervision of the Kansas licensed funeral director by whom such licensee is employed and under whom such licensee is registered. Upon the reemployment of the licensee by any other funeral director, such licensee shall be reinstated by the board and receive credit on their apprenticeship for the period of time the licensee has theretofore served as an apprentice. The work of an assistant funeral director shall at all times be under the supervision and control of the Kansas licensed funeral director under whom the licensee is registered. Licenses of assistant funeral directors may be suspended or revoked, or the board may refuse to issue or renew the same, for any of the reasons and in the manner stated herein for funeral directors' licenses. Any such license suspension or revocation action shall be in accordance with the provisions of the Kansas administrative procedure act.

The expiration date of each license shall be established by rules and regulations of the board. Subject to the provisions of this section, each license shall be renewable on a biennial basis upon the filing of a renewal application prior to the expiration date of the license and upon payment of the renewal fee established pursuant to K.S.A. 65-1727 and amendments thereto. To provide for a system of biennial renewal of licenses, the board may provide by rules and regulations that licenses issued or renewed may expire less than two years from the date of issuance or renewal. In each case in which a license is issued or renewed for a period of time less than two years, the board shall prorate to the nearest whole month the license or renewal fee established pursuant to K.S.A. 65-

1727 and amendments thereto.

A crematory shall have, on site, a motorized mechanical device for processing cremated remains either in the building or adjacent to it and a holding facility for the retention of dead human bodies awaiting cremation. The holding facility shall be secure from access by anyone except authorized personnel of the crematory, shall preserve the dignity of the dead human bodies and shall protect the health and safety of the crematory personnel.

(c) All applications for licensure as a crematory shall be on forms furnished and prescribed by the state board of mortuary arts.

(a) The crematory operator in charge shall supervise the licensed crematory on a full-time or a part-time basis and perform such other duties relating to the supervision of a licensed crematory as prescribed by the board by rules and regulations. The crematory operator in charge of a licensed crematory must hold a Kansas funeral director's or embalmer's license unless the crematory only receives dead human bodies for cremation through licensed funeral establishments or branch funeral establishments.

(b) No crematory or crematory operator in charge shall cremate or cause to be cremated any dead human body until it has received:

(1) A cremation authorization form signed by an authorizing agent. The written authorization shall include:

(A) The identity of the dead human body and the time and date of death;

(B) the name of the funeral director or assistant funeral director and the funeral establishment or branch establishment, or the authorizing agent, that obtained the cremation authorization;

65-1763. Removal of pacemakers and hazardous implants; procedural requirements for holding of and cremation of a dead human body, prohibitions, packaging of cremated remains; simultaneous cremations. (a) No body shall be cremated with a pacemaker or other potentially hazardous implant in place. The authorizing agent for the cremation of the dead human body shall be responsible for informing the licensed funeral director, assistant funeral director, embalmer or crematory operator in charge about a known pacemaker or other potentially hazardous implant. The authorizing agent shall be responsible for ensuring that any known pacemaker or hazardous implant is removed before delivery of the dead human body to the crematory. Bodies with pacemakers or hazardous implants in the custody of a crematory operator shall have any pacemaker or hazardous implant removed by an embalmer at a funeral establishment or branch establishment with an embalming preparation room unless the removal is to take place at a medical facility by the appropriate medical personnel.

(b) A crematory shall hold dead human bodies, prior to their cremation, according to the following provisions of this subsection:

(1) Whenever a crematory is unable to cremate the dead human body immediately upon taking custody thereof, the crematory operator in charge shall place the dead human body in a refrigeration facility at 40 degrees Fahrenheit or less, unless the dead human body has been embalmed, or shall store the dead human body in a cremation container at a funeral establishment or

branch establishment; and

(2) a crematory operator in charge shall not be required to accept for holding a cremation container from which there is any evidence of leakage of body fluids from the dead human body therein.

(c) No unauthorized person shall be permitted in the crematory area while any dead human body is in the crematory area awaiting cremation, being cremated or being removed from the cremation chamber.

(d) The simultaneous cremation of more than one dead human body within the same cremation chamber is prohibited without specific written authorization to do so from all authorizing agents for the dead human bodies to be so cremated. Such written authorization shall exempt the crematory operator in charge from all liability for the comingling of the cremated remains during the cremation process.

(e) The crematory shall maintain an identification system that will insure that the cremated remains can be identified, as indicated on the cremation authorization form, throughout all phases of the cremation process.

(f) Upon completion of the cremation, and insofar as practicable, all of the recoverable residue of the cremation process shall be removed from the cremation chamber. If possible, the noncombustible materials or items shall be separated from the cremated remains and disposed of, in a lawful manner, by the crematory. The cremated remains shall be reduced by motorized mechanical device to granulated appearance appropriate for final disposition.

(g) Cremated remains shall be packed as follows:

(1) The cremated remains with proper identification shall be placed in a temporary container or urn, unless specific written authorization has been received from the authorizing agent or as provided in paragraph (2) of this subsection. The temporary container or urn contents shall be packed with clean packing materials;

(2) if the cremated remains will not fit within the dimensions of a temporary container or urn, the remainder of the cremated remains shall be returned to the authorizing agent or its representative in a separate container attached to the first container or urn identifying such containers as belonging together;

(3) when a temporary container is used to return the cremated remains, that container shall be, at a minimum, a cardboard box with all seams taped closed to increase the security and integrity of that container. The outside of the container shall be clearly identified with the name of the crematory and an indication that the container is a temporary container; and

(4) if the cremated remains are to be shipped, the temporary container or designated receptacle ordered by the authorizing agent shall be securely packed in a suitable, sturdy, non-fragile container and sealed properly. Cremated remains shall be shipped only by a method which has an internal tracing system available and which provides a receipt signed by the person accepting delivery.

(a) An authorizing agent signing a cremation authorization form shall be deemed to warrant the truthfulness of any facts set forth in such cremation authorization form, including the identity of the deceased whose remains are sought to be cremated and such authorization agent's authority to order such cremation. Any person signing a cremation authorization form as an authorizing agent shall be personally and individually liable for all damage occasioned thereby and resulting therefrom. A crematory operator in charge or a funeral director may rely upon the representations of the authorizing agent in the cremation authorization form.

(b) A funeral director, assistant funeral director or crematory operator in charge shall have the authority to arrange the cremation of a dead human body upon the receipt of a cremation authorization form signed by an authorizing agent. A funeral director, assistant funeral director or crematory operator in charge who pursuant to a cremation authorization arranges a cremation, cremates a dead human body then releases or disposes of the cremated remains shall not be liable for such acts.

(c) A funeral director, assistant funeral director or crematory operator in charge who refuses to arrange a cremation, to accept a dead human body or to perform a cremation shall not be liable for refusing to arrange, to accept the dead human body or to perform the cremation until they receive a court order or other suitable confirmation that the cause of the refusal has been settled. Circumstances causing such a refusal may include:

- (1) Awareness of a dispute concerning the cremation of the dead human body; or
- (2) a reasonable basis for questioning any of the representations made by the authorizing agent; or
- (3) any other lawful reason.

History: L. 2001, ch. 183, § 5; Jan. 1, 2002.

65-1765. Failure to remove pacemaker or hazardous implants; liability for damage. If an authorizing agent informs the funeral director, assistant funeral director or the crematory operator in charge on the cremation authorization form of the presence of a pacemaker or hazardous implant in the dead human body such informed person shall be responsible for ensuring that all necessary steps have been taken to remove the pacemaker or hazardous implant. Should a funeral director or assistant funeral director who delivers a dead human body to a crematory after being informed that a pacemaker or hazardous implant is within the dead human body and fails to ensure that the pacemaker or hazardous implant has been removed from the dead human body pursuant to subsection (b) of K.S.A. 2001 Supp. 65-1762 and amendments thereto,

prior to delivery, and should the dead human body be cremated with the pacemaker or hazardous implant, then such funeral director or assistant funeral director who delivered the dead human body to the crematory shall be liable for all resulting damages.

(b) A crematory operator in charge may adopt reasonable policies, not inconsistent with this act or rules and regulations adopted by the board.

(c) The state board of mortuary arts may refuse to issue or renew a license or revoke or suspend a license for the crematory, upon a finding that the crematory operator in charge:

- (5) has violated any law, ordinance or rule and regulation affecting the handling, custody, care or transportation of dead human bodies or cremated remains;
- (6) has been rendered unfit to operate a crematory by reason of illness, alcohol, chemicals or other types of substances, or as a result of any mental or physical condition;

A certified copy of the record of the action of the other jurisdiction being conclusive evidence thereof;

(14) has violated any rules and regulations adopted by the board or any state or federal law related to the practice of operating a crematory; or

(15) has failed to pay any fee required under this act.

(d) All administrative proceedings taken by the board pursuant to this section shall be conducted in accordance with the provisions of the Kansas administrative procedure act.

(3) "Stillbirth" means any complete expulsion or extraction from its mother of a product of human conception the weight of which is in excess of 350 grams, irrespective of the duration of pregnancy, resulting in other than a live birth, as defined in this act, and which is not an induced termination of pregnancy.

(4) "Induced termination of pregnancy" means the purposeful interruption of pregnancy with the intention other than to produce a live-born infant or to remove a dead fetus and which does not result in a live birth.

(5) "Dead body" means a lifeless human body or such parts of a human body or the bones thereof from the state of which it reasonably may be concluded that death recently occurred.

(6) "Person in charge of interment" means any person who places or causes to be placed a stillborn child or dead body or the ashes, after cremation, in a grave, vault, urn or other receptacle, or otherwise disposes thereof.

the unlawful practice of embalming or funeral directing any person who shall in any manner practice or attempt to practice embalming or funeral directing in the state of Kansas, as defined by the laws of Kansas, in violation of the laws or the rules and regulations of the board. Nothing herein contained shall confer upon the district courts of the state the right to grant temporary restraining orders or temporary injunctions under this act, and no injunction matter shall be heard or decided until the defendant has an opportunity to present a defense. The court shall require the issues in such cases to be joined without delay and shall set the same for trial immediately thereafter.

The authority conferred by this statute shall be in addition to, and not in lieu of, authority to prosecute criminally any person unlawfully engaged in the practice of embalming or funeral directing in this state, and shall also be in addition to the right of the board to suspend or revoke the license to the person complained against. The granting and enforcement of an injunction or quo warranto to prevent the unlawful practice of embalming or funeral directing is a preventative measure, and not a punitive measure, and the fact that a person has been charged with or convicted of criminally having practiced embalming or funeral directing shall not prevent the issuance of a writ of injunction or quo warranto to prevent such person's further practice of embalming or funeral directing. The fact that a writ of injunction or quo warranto has been granted to prevent further practice shall not preclude the institution of criminal prosecution and punishment.

the attendance of witnesses, to compel the production of any physical evidence for examination or copying or to compel the taking of the deposition of witnesses, residing within or outside of the state, to be taken in the manner prescribed by law for taking depositions in civil actions in the district courts, if such evidence relates to practices which may be grounds for disciplinary action.

(b) Within five days after the service of the subpoena or subpoena duces tecum on any person requiring the production of any evidence in the person's possession or under such person's control, such person may petition the state board of mortuary arts to revoke, limit or modify such subpoena. The board shall revoke, limit or modify such subpoena if in its opinion the evidence required does not relate to practices which may be grounds for disciplinary action, is not relevant to the charge which is the subject matter of the proceeding or investigation, or does not describe with sufficient particularity the physical evidence which is required to be produced.

(c) Upon application by the state board of mortuary arts or by the person subpoenaed, the district court shall have jurisdiction to issue an order:

(1) Requiring such person to appear before the board or a duly authorized agent of the board to produce evidence relating to the matter under investigation; or (2) revoking, limiting or modifying the subpoena if in the court's opinion the evidence demanded does not relate to practices which may be grounds for disciplinary action, is not relevant to the charge which is the subject matter of the hearing or investigation or does not describe with sufficient particularity the evidence which is required to be produced.
